

## Testimonies

Christian Youth In Action teens across both states are growing spiritually and personally.

*I was a Christian growing up, but I really wasn't living it. CYIA really grounded me in my faith. I've actually done things with standing up for my faith and talking to people about it. CYIA has given me a basis for my faith and rooted me. – Kaylah*

*CYIA really equipped me to serve God... it taught me how to effectively share my faith... Before, I was shy and had no idea how to share my faith, much less the courage to do it. CEF's training gave me the confidence I needed to evangelize others for Christ. It taught me how to run and organize all kinds of kids' events and how to effectively reach many children with the gospel. – Joseph*

*I have the satisfaction of knowing that I wasn't doing all of the things that people usually think high schoolers do, but rather leading people to Christ and working in God's ministry. – Kim*
